Storage Solutions for Healthcare

Flexible Open Storage for Healthcare Environments

When it comes to patient care, every second counts, which is why it's critical to provide healthcare staff with organized storage solutions that help them stay efficient. Quick Wall keeps medical supplies and equipment highly visible and organized for improved workflow, accessibility, inventory management, and infection control.

Quick Wall is flexible, easily configured to adapt to storage spaces and locations throughout a healthcare facility and ideal for sterile processing departments, clean rooms, central supply and maintenance areas, and clinical storage spaces. Preconfigured units meet the needs of typical healthcare settings, and build-your-own units offer a tailored solution.

Flexible and customizable

- Fine mesh wire baskets come in 12" and 18" depths, 18", 36", and 48" lengths, and 6-, 7-, 12-, and 14-basket configurations. They can be mounted on louvered panels or a cantilevered pedestal frame. Frames and louvered panels are finished with durable and long-lasting powder coating
- Units are available in stationary, mobile, or wall-mounted styles to meet most open storage requirements
- Adjustable dividers come in 4 sizes to provide multiple storage system configuration options

Address infection prevention

- Wire mesh baskets prevent dirt and debris buildup, aiding in infection control, and bottom dust shelf/covers keep dirt and debris from accumulating in wire baskets, meeting Joint Commission standards
- Casters offer smooth, consistent movement and are resistant to rust and oxidation

Flexible and customizable

- Open storage offers visibility to and easy retrieval of supplies
- Configuration options support lean inventory management practices
- Full-length and snap-and-release label holders enable color-coded storage organization, supporting faster item identification and retrieval

Material specifications

Frames: Boxed steel construction with a cool white powder-coated finish

Baskets: Fine mesh design with .5" square openings and a medical-grade nickel chrome finish

Casters: 4" x 1.25" with a weight capacity of 330lb for static loads and 200lb for dynamic loads. Mounts to ¾" steel bar to minimize footprint and prevent unit from becoming top heavy

Solid Shelves/Dust Covers: Solid, powder-coated steel construction with turn-down edges for additional rigidity

Total Load Capacity: Unit load capacity is rated at 100lb per basket. Total unit capacity not to exceed 500lb. Weight capacity should be evenly distributed along each basket as well as the whole unit

Baskets can be mounted at an angle or horizontally

QUICK! WALL

Build a Unit – Build your unit by following these steps.

Quick Wall build-your-own solutions let you create custom configurations that meet the exact needs of your specific open storage application. Select any of the frames or preconfigured frames and baskets, then add different combinations of baskets, dividers, labels holders, and mobility options as needed.

Follow these steps to build your unit.

Step 1:

Select frame size and type

Step 2:

Select basket size, shelf type and size, and bracket

Step 2: (optional)

Select louvered panel size and accessories

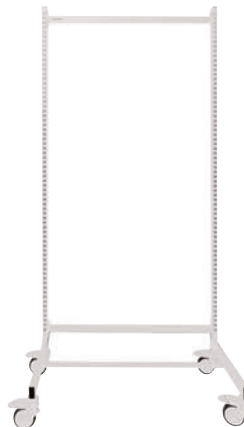

Step 3:

Select mesh basket dividers and label holders

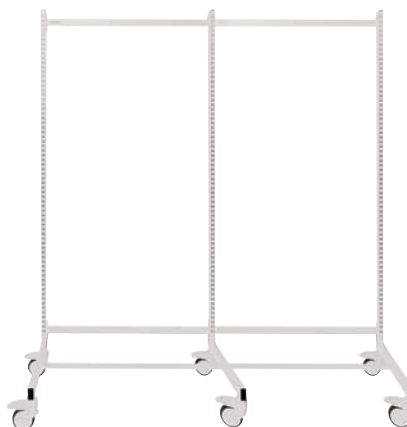

Step 4:

Select mobility options

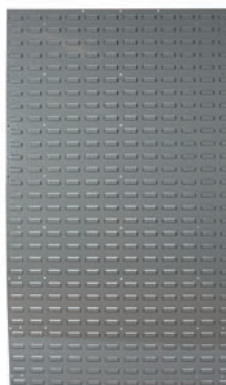

Base frame with casters

Base frame with add-on frame

Louvered panel

Build a Unit – Step 1: Select frame size and type

Each base and add-on frame accommodates a total of 7 baskets or 14 baskets for double sided (any combination of 12"w or 18"w baskets).

Single-Sided Base or Add-On Frame

SL2118SSSF	18"w single-sided frame	Base	19.5"w x 21.5"d x 74"h

Wire baskets can be mounted horizontally or at an angle. Order mounting brackets separately.

Each mounting bracket has 3 hooks. To mount basket horizontally, use top 2 hooks.
To mount basket at an angle, use bottom 2 hooks.

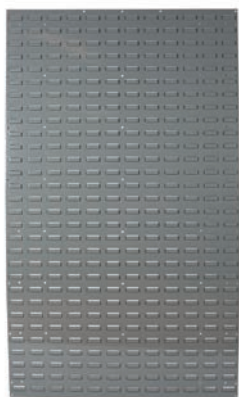

QUICK! WALL

Build a Unit – Step 2 (optional): Select louvered panel size and accessories

Create a custom solution or add or replace components on an existing unit.

Louvered Panel

Louvered panel can be mounted to a unit frame or architectural wall. 19" h louvered panel holds up to 2 baskets; 61" h louvered panel holds up to 6 baskets. Louvered panel mounting brackets are required to mount panel to unit frame; order separately

Storage Bin

For use on louvered panels. Easy to relocate, no clips needed, and ideal for safely storing small items. Blue is standard color, but additional colors are available.

Black dividers are oriented front to back

Optional bin colors

Replace the last 'B' in the product number with the optional color code

Yellow – Y
Green – G
Black – K
Ivory – I
Red – R

Bin	Bin divider	Number of divider slots
SL1055BB	5.5" w x 10.88" d x 5" h	SL105BD 1
SL10115BB	11" w x 10.88" d x 5" h	SL105BD 3
SL1487BB	8.25" w x 14.75" d x 7" h	SL147BD 1
SL10165BB	16.5" w x 10.88" d x 5" h	SL105BD 3

SL16118BB	11" w x 16" d x 8" h	SL168BD 3

Determine number of bins per panel:

- Select bin size
- Determine how many of each bin size fit across the panel. For example, on a 36" w panel, 3 11" w bins will fit across
- Determine how many rows fit on a panel depending on the height of the bins that you want. Add a minimum of 1" to the height of each bin to ensure spacing between rows. For example, for 5" h bins on a 61" h panel, 10 rows of bins fit on the panel

Build a Unit – Step 3: Select mesh basket dividers and label holders

Quickly and easily customize compartments with basket dividers. Dividers and label holders can be used with all baskets.
